Eram Asacon Maintenance & Co. is a leading Electromechanical Contractor established in 1999 based in Al Khobar, Kingdom of Saudi Arabia with own HVAC duct fabrication facility. Eram Asacon has over 20 years of experience in HVAC Systems integration from Concept to Commissioning on turnkey basis. Eram Asacon has executed jobs as per SMACNA standards, European standards, ASHRAE standards, Saudi ARAMCO standards, SABIC standards, SIPCHEM standards, SEC standards, Maaden standards etc Eram Asacon offers its services and solutions to a range of sectors, some of which include Power, Oil & Gas, Process & General Industries, Warehouses and High rise buildings to name a few.

## Engineering excellence with complete **MEP & HVAC** Solutions

Eram Asacon delivers expert construction, MEP, and HVAC solutions, ensuring, efficiency, compliance, ensuring, efficiency, compliance and long-term reliability. From design to maintenance, we provide seamless, high-performance systems designed to meet industry standards and evolving client needs.

## Mission

Delivering comprehensive MEP and HVAC solutions worldwide, including design, fabrication, compliance, and maintenance. Our global presence ensures industry-compliant, efficient, and reliable services,

---

## Vision

To be a global leader in innovative, efficient, and sustainable MEP and HVAC, enhancing infrastructure, optimizing performance, and meeting evolving client and community needs with excellence.

---

## Values

Our values define us and guide our actions, fostering collaboration, innovation, and integrity. They ensure we prioritize our customers and uphold our commitments driving our success and shaping our future.

### Team work

We harness collaboration to achieve common goals and create a supportive environment.

### Entrepreneurial Spirit

We encourage innovation and initiative, adapting to excel in a dynamic market.

### Customer-First

We prioritize our customers needs, aiming to exceed their expectations for lasting partnerships.

## About Eram Holdings

Eram Holdings , since its humble beginning in the 1990s, has experienced significant growth under the charismatic leadership team. Today, we have expanded into a business conglomerate operating nine business verticals with headquarters in Saudi Arabia, regional offices in India and the UAE, and over 150 offices spread across 16 countries in Asia and Europe. We have state of art manufacturing units with a dedicated research and development team focused on customising and developing new products. As a preferred technology and engineering partner for our clients, we integrate the latest technologies into our products and pioneer industry and regional initiatives in the countries we operate.

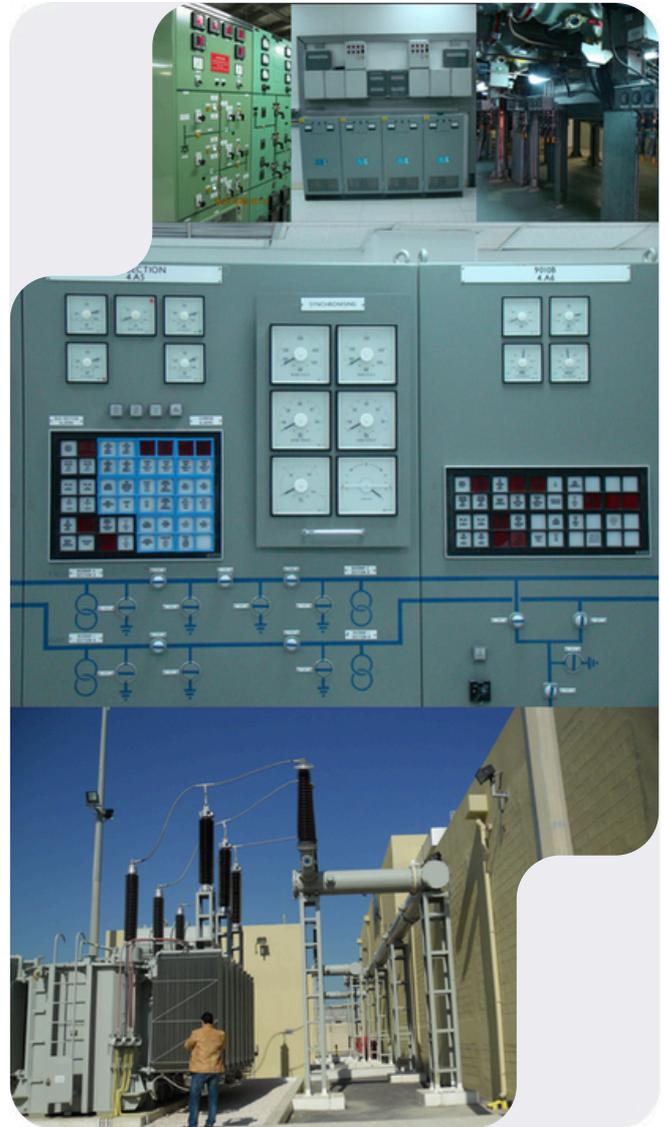

## HVAC Contracting

- HVAC system design coordination and engineering support for industrial and healthcare facilities
- Supply, installation, testing, and commissioning of complete HVAC systems
- Installation of chilled water, VRF/VRV, DX, and packaged HVAC systems
- Specialized HVAC solutions for hospitals, operating theaters, and isolation rooms
- Industrial HVAC and process ventilation systems for plants and heavy facilities
- Precision air conditioning for laboratories, clean rooms, and critical areas
- Fabrication and installation of HVAC ductwork and air distribution systems
- Smoke management, pressurization, and life safety HVAC systems
- HVAC controls, BMS integration, and energy management solutions
- Chemical Filtration System Design and Implementation
- Laboratory HVAC Systems (Fume Hoods, Exhaust Systems)
- Thermal Comfort Analysis and System Optimization
- Heat Exchanger and Cooling Tower Systems
- Testing, adjusting, balancing, and performance validation of HVAC systems
- Smoke control, pressurization, and fire damper systems

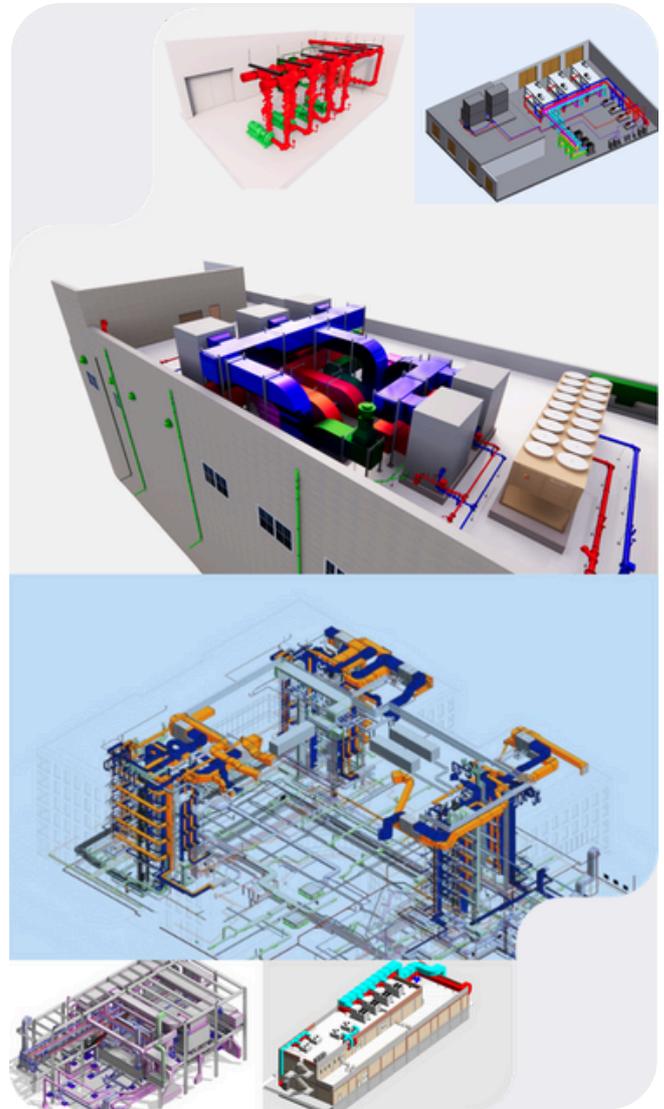

### Electrical and instrumentation

- Electrical system design coordination and engineering support
- Supply, installation, testing, and commissioning of electrical systems
- Power distribution systems including switchgears, panels, and cabling
- Installation of lighting, emergency lighting, and lighting control systems
- Earthing, bonding, and lightning protection systems
- Uninterruptible Power Supply (UPS) and backup power systems
- Electrical systems for hospitals, laboratories, and critical care facilities
- Installation and calibration of field instruments and analyzers
- Industrial instrumentation for process control and monitoring
- PLC, SCADA, and control panel installation and integration
- Industrial automation and control system wiring and termination
- Low current systems including fire alarm, BMS, CCTV, access control, and PA systems
- Hazardous area electrical and instrumentation works
- Testing, pre-commissioning, and final commissioning of E&I systems

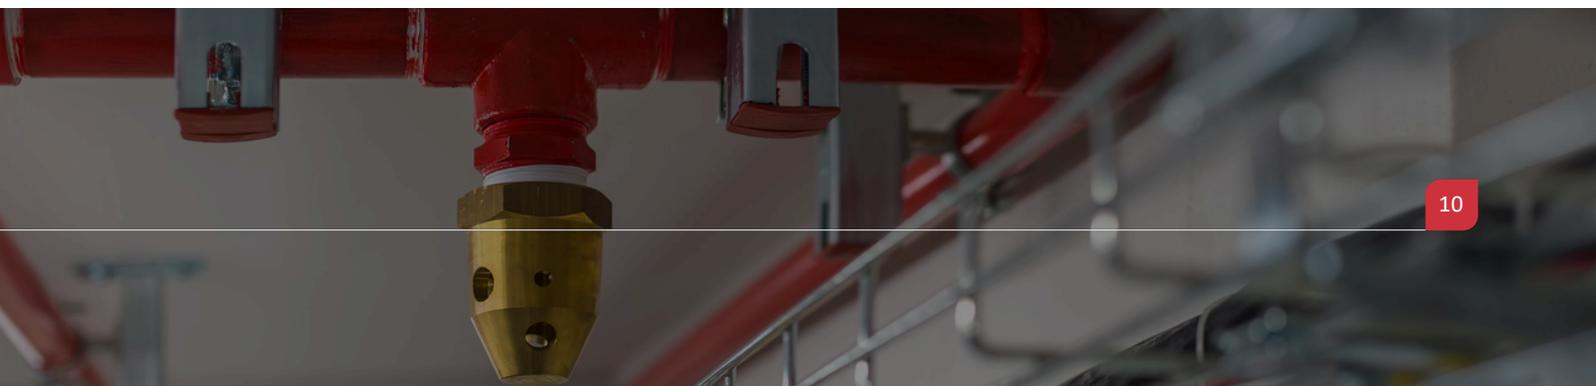

## MEP Design

- HVAC Load Calculations and System Selection
- Duct/Pipe Sizing and Routing Layouts
- Air Handling Unit (AHU) and Fan Coil Unit (FCU) Selection
- Equipment and System Performance Analysis
- HVAC System Coordination and Integration
- HVAC Piping and Ductwork Detailing
- Ventilation and Fresh Air System Design
- Electrical Load Calculations and Distribution Design
- Lighting System Design and Layouts
- Emergency and Standby Power System Design
- Cable Tray and Conduit Routing
- Earthing and Lightning Protection System Design
- Electrical Panel and Switchgear Selection
- Fire Alarm and Detection System Design
- Building Automation and Control System Integration
- Hot and Cold Water System Design
- Piping System P&ID and Isometric Drawings
- MEP System Coordination and Clash Detection
- Building Information Modeling (BIM) for MEP Systems
- Smart Building and IoT Integration

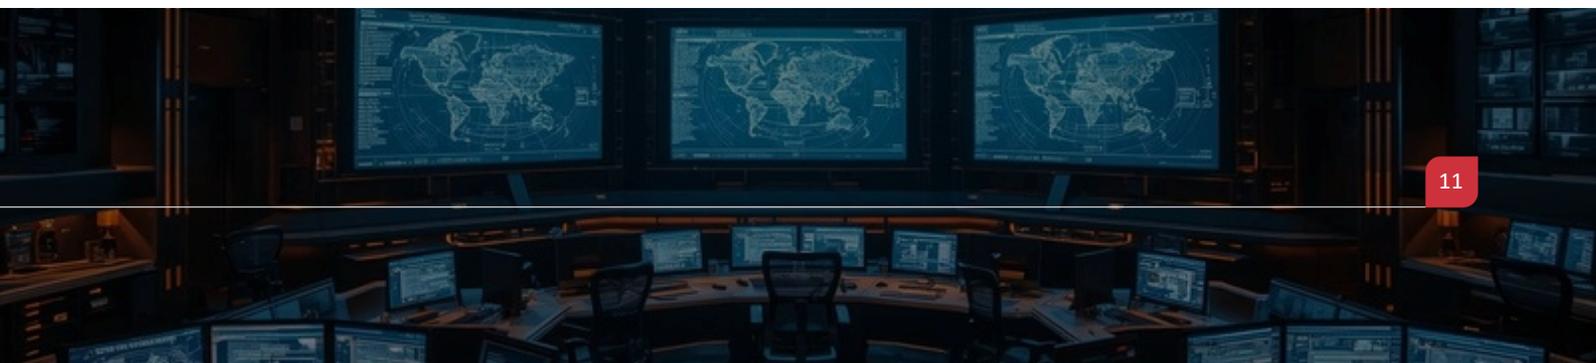

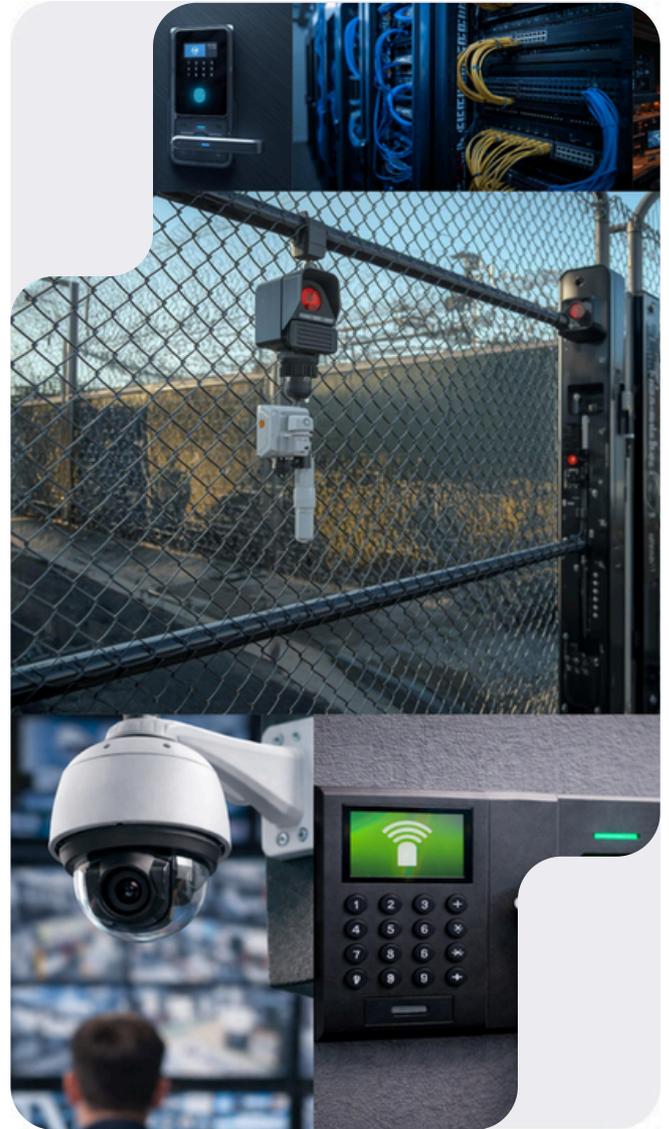

## Firefighting

- Fire protection system design coordination and engineering support
- Supply, installation, testing, and commissioning of fire protection systems
- Fire alarm and detection systems including addressable and intelligent systems
- Automatic sprinkler, deluge, foam, and water spray fire suppression systems
- Clean agent and gaseous fire suppression systems (FM-200, Novec 1230, CO<sub>2</sub>)
- Fire pumps, fire water storage tanks, and hydrant systems
- Fire protection solutions for hospitals, laboratories, and critical care areas
- Industrial fire protection systems for plants, substations, and hazardous areas
- Installation of fire extinguishers and fire safety accessories
- Fire alarm system integration with BMS and emergency systems
- Voice evacuation and public address systems
- Testing, inspection, and third-party fire system certification support
- Compliance with NFPA, FM Global, UL, LPCB, and local authority requirements

### Supreme Authority for Industrial Security (SAIS)

- Security system design coordination and engineering support
- Supply, installation, testing, and commissioning of SAIS-compliant security systems
- Access control systems including card, biometric, and multi-factor authentication
- CCTV and video surveillance systems with centralized monitoring
- Perimeter security systems including fence intrusion and gate controls
- Intrusion detection and alarm systems for critical facilities
- Security systems for hospitals, laboratories, and sensitive healthcare areas
- Industrial security solutions for plants, substations, and restricted zones
- Integration of security systems with BMS, fire alarm, and emergency systems
- Central command and control room setup and system integration
- Network infrastructure and structured cabling for security systems
- System configuration, programming, and cybersecurity hardening
- Testing, validation, and authority approval support

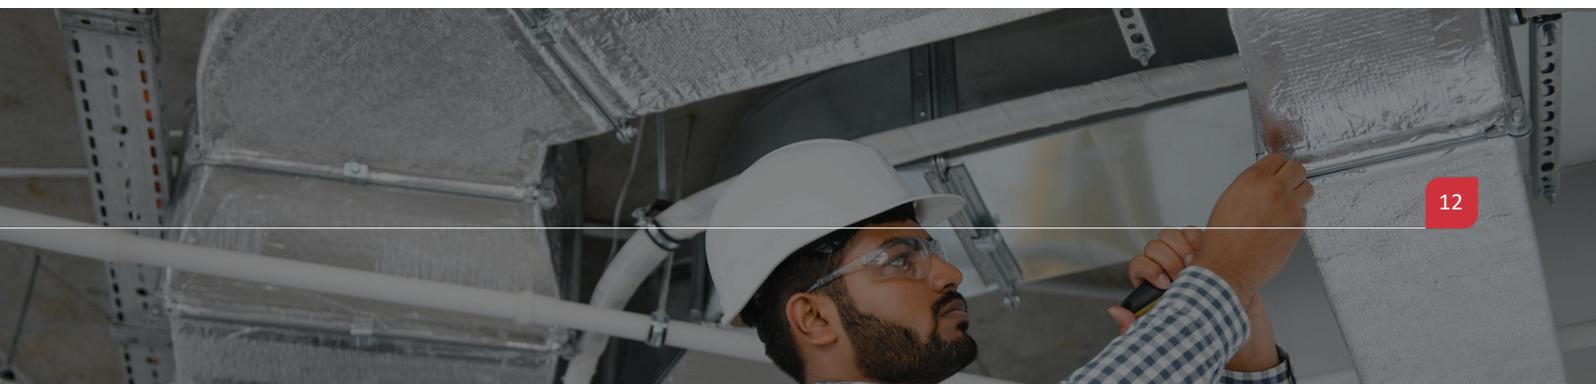

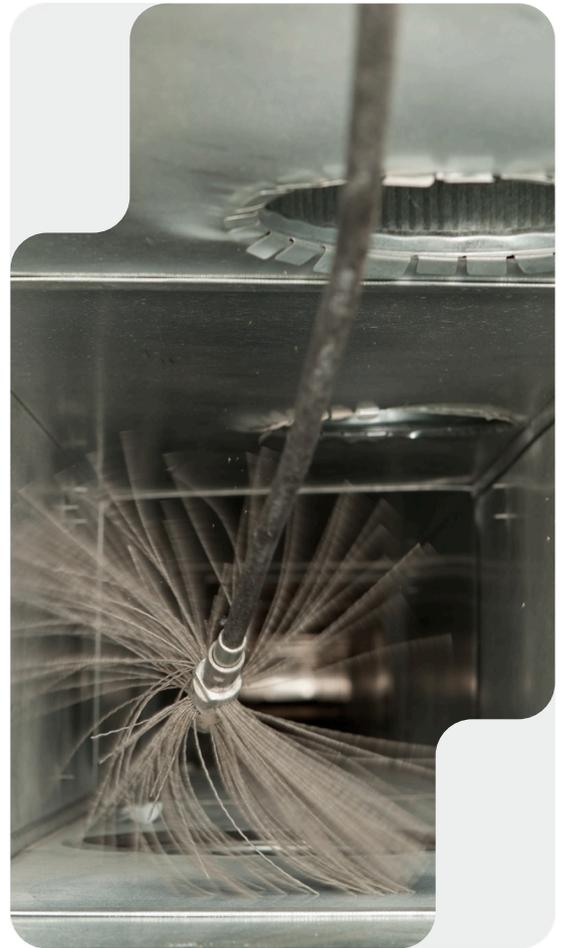

### Testing and air balancing

- Eram Asacon offers expert testing and air balancing services, ensuring optimal performance and energy efficiency in HVAC systems. Our team conducts comprehensive assessments, adjusting airflow and system performance to meet industry standards. We focus on enhancing comfort, reducing energy costs, and improving air quality for residential and commercial spaces.
- Testing and balancing of hydronic systems
- Air balancing, Duct leak pressure test
- Fume hood calibration

### Cleaning services

- Eram Asacon provides professional cleaning services for residential and commercial spaces, ensuring a spotless and healthy environment. Our experienced team uses eco-friendly products and advanced techniques to deliver thorough cleaning, including floor care, window washing, and sanitation. We focus on quality, reliability, and customer satisfaction for every project.
- Duct cleaning
- Enzymatic Coil cleaning
- Probiotic surface cleaning

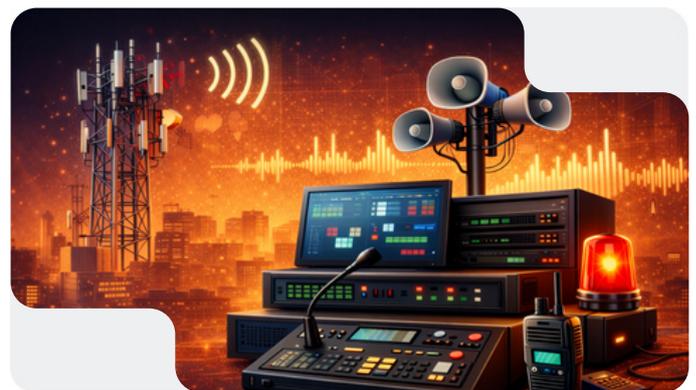

### IP Telephony

- Enterprise IP Call Manager / IP-PBX design & deployment
- Core & Distribution Switching for converged voice/data networks
- Copper, Fiber & DECT Wireless Phone Systems
- SIP Trunking, Gateways & Unified Communications
- High-Availability & Redundant Voice Architectures
- QoS, VLAN & Voice Security Engineering
- Integration with IT, BMS & Emergency Systems
- CUCM Platform Engineering & Optimization
- Voice Gateway, SBC & SIP Security Configuration
- Failover, Clustering & Disaster Recovery for Voice
- Technology Brands: Cisco | Avaya | Mitel | Yealink | Grandstream

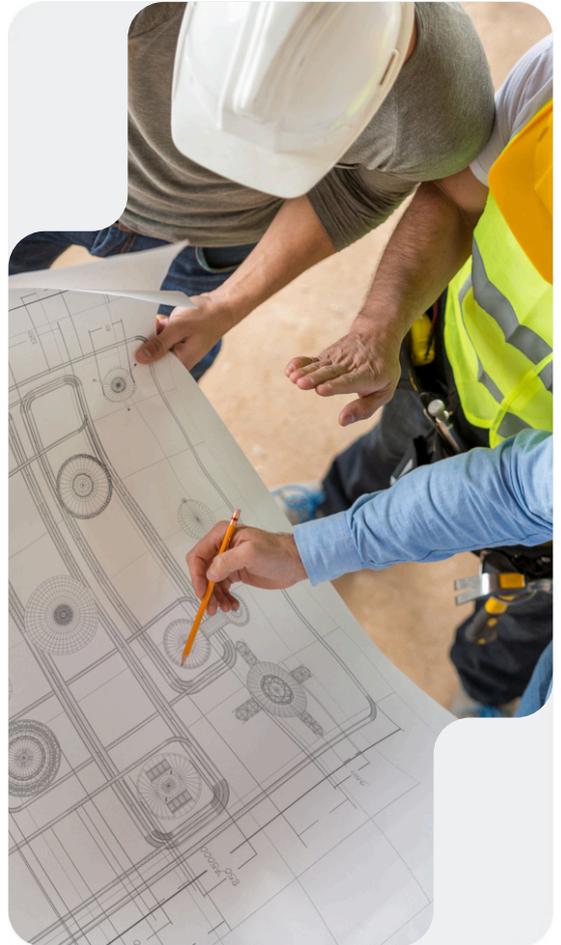

### PA & Radio Communication Systems

- Digital Public Address & General Alarm (PAGA) Systems
- Networked Audio Controllers & Amplifier Engineering
- Zoning, Priority Paging & Emergency Broadcasting
- Integration with Fire Alarm & Life Safety Systems
- Industrial & Commercial Radio Communication Networks
- Site Installation, Testing & System Commissioning
- Technology Brands: Bosch | TOA | Honeywell | JBL Pro | Motorola | Hytera

## Civil and mechanical construction

- Warehouse
- Industrial building
- Frame structures
- Foundation
- Pipe rack
- Equipment erection
- Pumps & turbines, compressor
- Steel structure erection

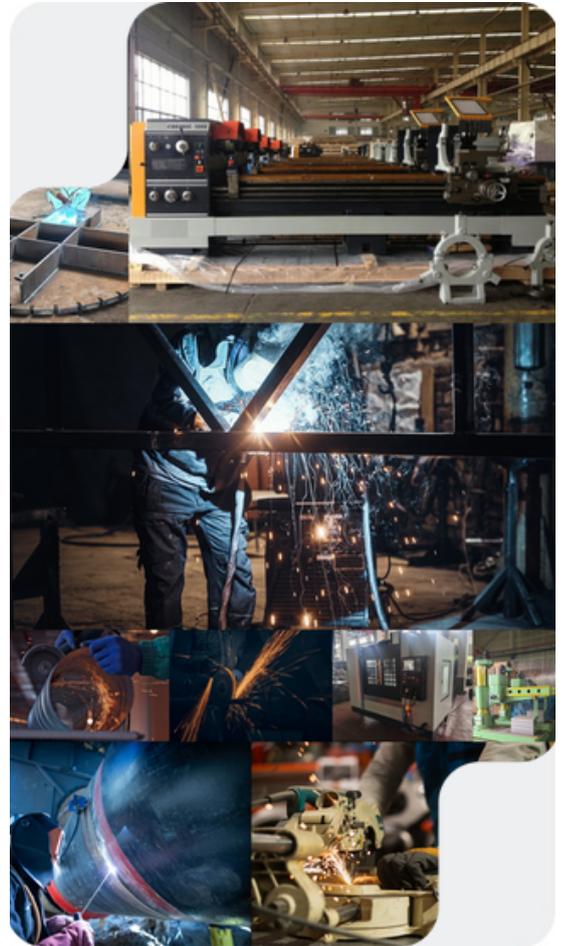

## Flooring and landscaping

- Multi-purpose Sports Flooring
- Rubber Tiles
- Athletic Tracks and turfs
- Wooden Flooring
- Horse Stable Mats
- Carpet Flooring
- Laminate Flooring
- vinyl Flooring
- Floor Accessories

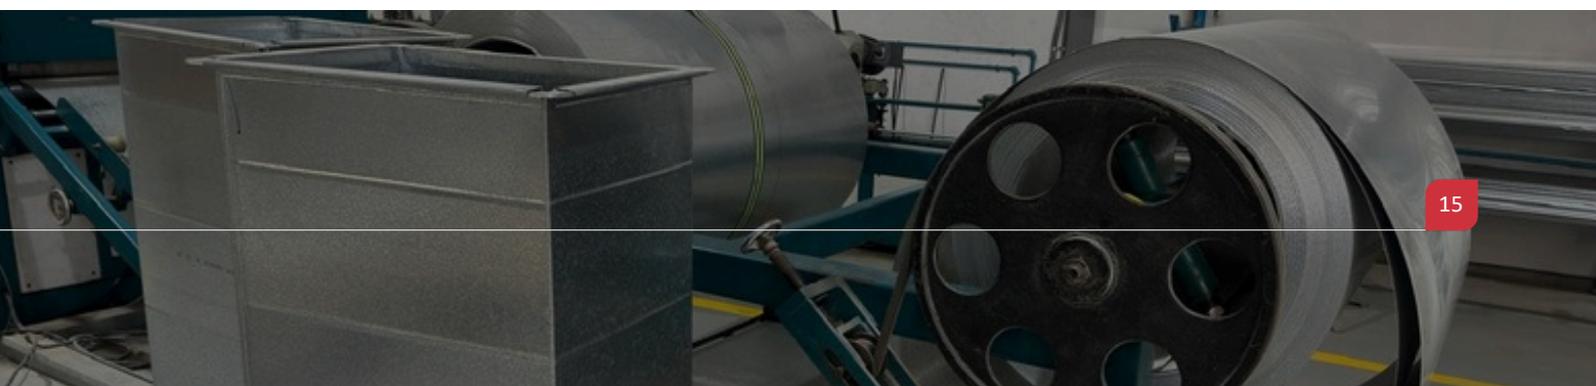

### Fabrication

- Eram Asacon specializes in high-quality fabrication and precision ductwork
- Provides durable, custom-built solutions tailored to project requirements
- Expertise in ventilation, industrial, and structural applications
- Focus on efficient and reliable system performance
- Ensures full compliance with applicable industry standards and regulations
- Delivers precision engineering with consistent quality and workmanship
- Turnery products
- Duct fabrication

### Cybersecurity

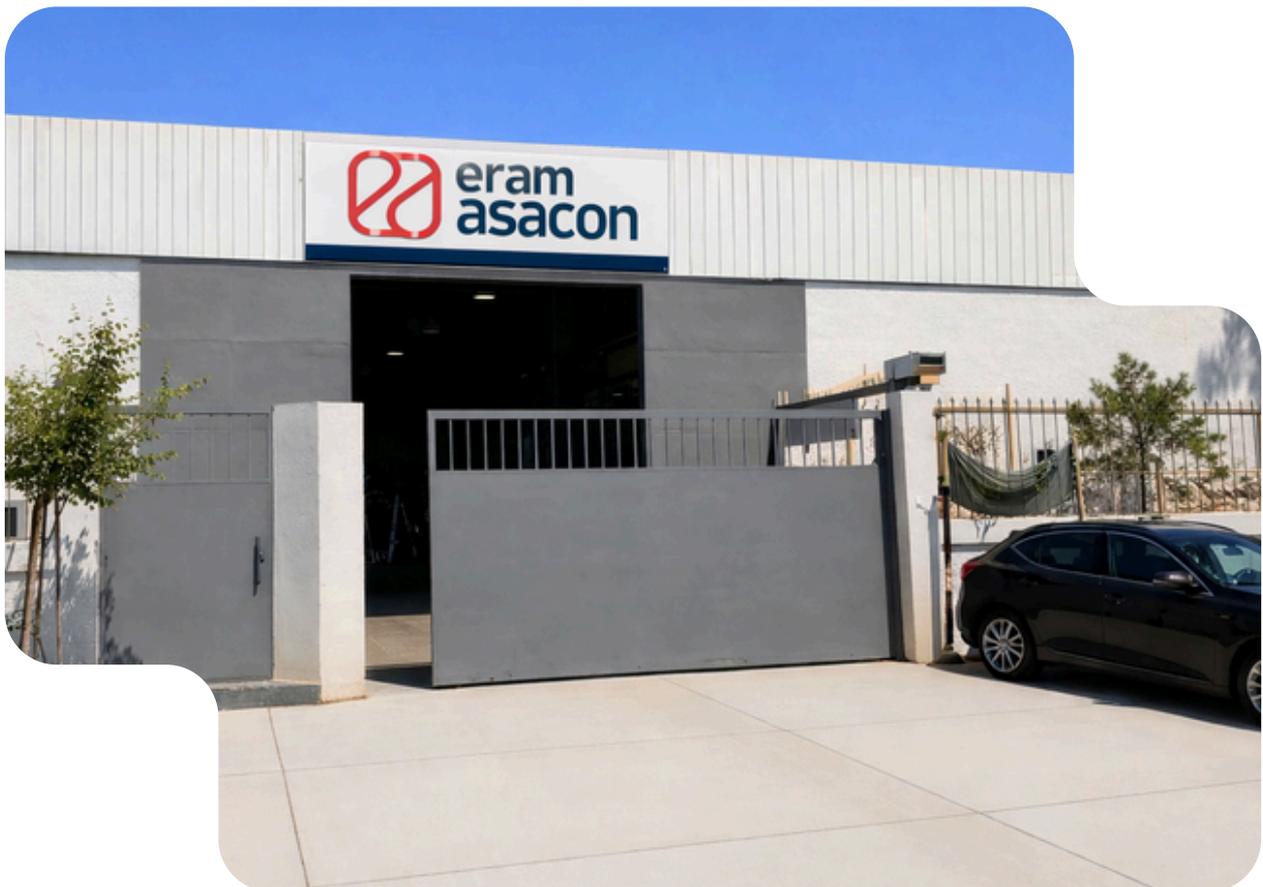

- Expertise in network, system, and application security
- Implementation of cyber risk assessment and vulnerability management
- Protection against cyber threats, malware, ransomware, and unauthorized access
- Design and deployment of secure IT and OT (industrial control) environments
- Data protection through access control, encryption, and secure communication

## Capabilities

Excellent engineering skills, uncompromising quality control and sizable project team focused on erection and commissioning. ENGINEERING AND CONSTRUCTION CAPABILITIES Manned by highly qualified design and project management professionals with excellent capability in the following area.

- ▶ Pre-Bid Engineering
- ▶ Design, Detailed
- ▶ Engineering ELITE/Auto
- ▶ CAD Heating / Cooling
- ▶ Load Program Supply Chain
- ▶ Management Using
- ▶ Customized Software

## Quality Policy

"Quality is the hallmark of our enterprise and customer delight is the goal of our efforts with continual improvement as our platform" We take pride in delivering a truly world-class service and ensure our work always meets the highest possible international standards. So when you partner with us on a project, we'll take an un-compromising approach to quality at all stages of the project: from planning to implementation & commissioning and support.

This is to certify that the Management System of the

**Eram Asacon Maintenance & Contracting Company**

PO Box 31779, Al-Khobar 31952, Saudi Arabia

Has been assessed and found to be in Compliance with the requirements of Standard detailed below

**ISO 9001:2015  
Quality Management System**

This certificate is applicable for the following Services

HVAC Turnkey & Clean Room Projects, Central AC Duct Fabrication, Pre-Bid Design Engineering, Supply, Installation, Procurement, Maintenance, Start-Up & Commissioning of HVAC Systems, Electro-Mechanical, Transformer Oil Filtration, Operational Support

This Certificate is issued having Certificate No.: SISTEMA-KSA/EAM-Q20489

First Surveillance Date: 03.01.2026

Issue Date: 03.02.2025

Second Surveillance Date: 03.01.2027

Expiry Date: 02.02.2026

Re-Certification due on: 03.01.2028

Verify the certificate:- [www.sistemacerts.com](http://www.sistemacerts.com)

**ERAM ASACON EST. FOR MAINTENANCE AND CONTRACTING**  
P.O.BOX.31779  
Johbar 31952  
Saudi Arabia

Gentlemen;

Thank you for your interest in providing contract services to Saudi Aramco. Your new contractor registration application has been approved and your Company has been assigned the following Vendor Number:

**YOUR ASSIGNED SAUDI ARAMCO VENDOR NUMBER: 10053191**

(Please note this Vendor Number for your future reference.)

A unique username and temporary password will be sent to each of your Company's Designated Contacts (as specified in your registration application) to enable them to access Saudi Aramco's Electronic Contracting Network (ECN). ECN is accessible through the Saudi Aramco Portal at <http://vendor.aramco.com>.

It is important to note that this registration merely provides Saudi Aramco with current contact and other basic information about your Company. This registration is different from contractor prequalification which is performed separately in connection with a specific contract or group of similar contracts. The method Saudi Aramco uses to prequalify and select bidders for each contract depends on the contract's complexity and urgency in addition to the number of potentially qualified contractors for the required work. The most important source of contractor information that Saudi Aramco will heavily rely on is each registered contractor's Contractor Profile in ECN, which each contractor can update themselves online and at any time.

We appreciate your interest in doing business with Saudi Aramco and wish you the best of success.

Sincerely yours,  
Manager

SUBCONTRACTOR APPROVAL REQUEST

Date: 01.01.2015

Manager: Projects Department - South

Reference our Contract No. 00 4123008/ with Saudi Electricity Company, SOA, Operating Area, we request approval to subcontract the following work:

Description of Work to be Subcontracted: HVAC Installation Works - New AL Rishl 53 Project

Estimated Value of Subcontracted Work: \_\_\_\_\_  
Period of Subcontract: From: 01.01.2015 To: 01.01.2016

Name of Subcontractor: ERAM ASSCON MAINTENANCE CO. LTD

Ownership of Subcontractor's Company: 100 % Saudi Ownership \_\_\_\_\_ % Foreign Ownership

Attached are the following documents from the proposed Subcontractor for your evaluation:

(A) Commercial Documents

- Valid Commercial Registration Certificate
- Valid Zakah Certificate
- Valid GOSI Certificate
- Valid Chamber of Commerce Certificate
- Valid Classification Certificate (required if subcontract value is greater than SR 1,000,000)
- Certificate from Labor Office attesting to adherence of Subcontractor to official Saudization Percentage

(B) Technical Documents

- List of Similar Works Completed with copies of certificates from clients
- List of On-going Projects or Contracts with copies of certificates from clients
- List of Proposed Manpower with resume of key personnel
- List of Proposed Equipment (specify whether Owned or Rented)
- Proposed Organization Chart

**TO WHOM IT MAY CONCERN**

Subject : **REGISTRATION CONFIRMATION**

Gentlemen,

This is to confirm that **ERAM ASACON MAINT. AND CONTRACTING EST.** is a registered vendor of **SAUDI BASIC INDUSTRIES CORPORATION (SABIC)** to conduct business for (TURN KEY HVAC PROJECTS, HVAC FOR CLEAN ROOM FACILITY WITH DDC CONTROLS AND ELECTRICAL WORKS).

**ERAM ASACON MAINT. AND CONTRACTING EST.** Registered under vendor number **507609**. As per our records their address and contact details are as below:

**ERAM ASACON MAINT. AND CONTRACTING EST.**  
P.O. Box 31779  
KHOBAR CITY 31952  
SAUDI ARABIA  
Tel. no.: 0138656606  
Fax no.: 0138907572  
e-Mail: info@asaconksa.com

However, registration with SABIC doesn't imply that said vendor would be awarded with request for quotes (RFQs) or supply orders.

This vendor confirmation is issued on this 17 of Sept 2014 at Jubail Industrial City, Saudi Arabia upon the request of **ERAM ASACON MAINT. AND CONTRACTING EST.** Without any responsibilities on the part of SABIC or any of its Affiliates.

Best Regards,

  
  
Mohammed N. Al-Ghamdi  
Manager, Supplier Qualification

(3) FMHS letter 25272-(318-C01)-L-B82-134, dated 27-May-18

Gentlemen:

In response to Fraih Marzouq Al-Harbi Sons' (FMHS) request for the approval of Eram-Asacon Maintenance & Contracting Est. as subcontractor for HVAC System (references 1 and 3), be advised that your request has been approved by the Royal Commission.

This approval is dependent upon FMHS providing verification that all Royal Commission safety requirements have been conveyed to the subcontractor and the subcontractor will comply with them prior to any work being performed at the site. Please provide this verification with two (2) copies of the executed Subcontract Agreement to the Royal Commission as required by Special Conditions Article SC-13 prior to the start of any work.

This approval is given with the specific understanding that the subcontractor will adhere to the terms and conditions of the Royal Commission Contract with FMHS and, in particular, that the subcontractor will house its personnel in Royal Commission accommodations as specified in the Contract.

Very truly yours,

**Samih Musharrafyyah**, Contractor Representative  
Saudi Arabian Kentz Co. Ltd. (KSA-AI-Khobar)  
Contract No.: 6600036944 (IK)

Mr. Samih Musharrafyyah,

With reference to CONTRACTOR'S letter MSAE014/KENTZ-SAL-1503 for Cold Storage (Chillar Room) Non Inspectable dated 20<sup>th</sup> February 2019.

In response, please be informed that COMPANY has no objection for awarding the formal Purchase Order to ERAM ASACON MAINTENANCE & CONTRACTING EST. This approval is limited to "Cold Storage (Chiller Room) – Non Inspectable" based on Contractor's technical evaluation of the said vendor.

However, this conditional approval shall in no way relieve the CONTRACTOR of any of its obligations, responsibilities and duties under the Contract and shall in no way alter the relationship between COMPANY and CONTRACTOR.

CONTRACTOR shall be responsible for the acts or omissions of any Subcontractor as fully as if they were the acts or omissions of CONTRACTOR.

Should you have any clarification please contact Mr. Ferdinand A. Mercado – HVAC/ Plumbing Engineer @ 13-510-7699 Ext-7583.

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades. The buildings are arranged in a way that they seem to converge towards the top of the frame, creating a sense of height and scale. The sky is overcast and grey. A prominent red, irregularly shaped graphic element is centered in the middle of the image, containing the text.

## KINGDOM IRON & STEEL HOLDING COMPANY

08<sup>th</sup> June 2010

Ali Al - Saloom Contracting Est. (ASACON)  
Post Box # 31779,  
Al-Khobar – 31952,  
Kingdom of Saudi Arabia.

### Letter of Appreciation

Ali AL Saloom Contracting Est (ASACON) has provided services in the Transformer oil filtration for 300MVA, 140/170 MVA, 22 MVA, Power Transformers for our Arab Steel Company Project which is part of Kingdom Iron and Steel Holding Co.

We wish to acknowledge the support and teamwork extended to Arab Steel Co by ASACON in providing these services in the Transformer oil filtration.

The works were completed in line with the client's Quality and safety specifications and were executed in a professional and efficient manner.

ASACON has been flexible, acceptable and generally supportive in their approach. We would recommend them for similar services.

21	ELECTRICAL WORKS FOR ASSESSMENT TRANSFORMERS	SABIC - HADEED	HADEED	JUBAIL
22	ELECTRICAL WORKS FOR LV CABLE TESTING	SHARQ	SHARQ	JUBAIL
23	ELECTRICAL WORKS FOR THE MAINTENANCE VACUUM CIRCUIT BREAKER	SABIC - HADEED	HADEED	JUBAIL
24	ELECTRICAL WORKS FOR REPLACEMENT OF NGR	SABIC - SAFCO	SAFCO	JUBAIL

# Project List

S.No	Project Name	Client name	End User	Location
25	HVAC SYSTEM FOR SUBSTATION 3 IN SIPCHEM	SIEMENS	SIPCHEM	JUBAIL
26	HVAC SYSTEM FOR SAUDI KA YAN AMINES PROJECT	ZAMIL COOLCARE	SAUDI KAYAN	JUBAIL
27	HVAC SYSTEM FOR BARROD PLANT IN HADEED STEEL PLANT	ZAMIL COOLCARE	HADEED	JUBAIL
28	HVAC SYSTEM IN ARAMCO (JERP) FOR SINOPEC PACKAGE 1	ZAMIL COOLCARE	ARAMCO	JUBAIL
29	HVAC SYSTEM IN ARAMCO (JERP) FOR SUBSTATION 501	ZAMIL COOLCARE	ARAMCO	JUBAIL
30	HVAC SYSTEM & CLADDING WORKS FOR ARAMCO UPSTREAM PROJECT	DRAKE & SKULL	ARAMCO	DHAHRAN
31	HVAC SYSTEM IN TAIF SUBSTATION	ISCOSA - SIEMENS	SEC	TAIF
32	HVAC SYSTEM FOR EXTENSION OF 132KV AT TIHAMA CPS	ISCOSA - SIEMENS	SEC	TIHAMA
33	HVAC WORKS FOR VARIOUS BUILDINGS IN MAADEN	ZAMIL COOLCARE	MAADEN	RAZ AZ ZAWR PORT
34	HVAC WORKS FOR VARIOUS PACKAGES FOR NATIONAL STEEL & IRON CO.	AL TUWAIQI GROUP	NATIONAL STEEL & IRON CO.	DAMMAM
35	TRANSFORMER OIL FILTRATION WORKS	AL TUWAIQI GROUP	NATIONAL STEEL & IRON CO.	DAMMAM
36	HVAC WORKS IN METAL RECYCLE MILL	AL TUWAIQI GROUP	RECYLCE PLANT	DAMMAM
37	TRANSFORMER OIL FILTRATION WORKS	AL TUWAIQI GROUP	DRIC	DAMMAM
38	HVAC WORKS FOR AL TUWAIQI HEAVY INDUSTRIES	AL TUWAIQI GROUP	AL TUWAIQI HEAVY INDUSTRIES	DAMMAM
39	HVAC WORKS FOR AL TUWAIQI POWER PLANT	AL TUWAIQI GROUP	AL TUWAIQI POWER PLANT	DAMMAM
40	HVAC WORKS IN DIRECT REDUCTION IRON CO.	AL TUWAIQI GROUP	DRIC	DAMMAM
41	TRANSFORMER OIL FILTRATION WORKS	AL TUWAIQI GROUP	DRIC	DAMMAM
42	HVAC WORKS FOR ERAM STEEL FACTORY	ESS	ERAM STEEL FACTORY	DAMMAM
43	HVAC WORKS IN AL SUWAIKET CO.	AL SUWAIKET CO.	OFFICE	DAMMAM
44	HVAC WORKS FOR TAJDEER SCAFFOLDING FACTORY	TAJDEER	FACTORY	DAMMAM
45	HVAC WORKS FOR MALABAR GOLD SHOWROOM	MALABAR GOLD	SHOWROOM	AL KHOBAR

# Project 01

## REPLACEMENT OF ENDED LIFETIME TECHNOLOGIES AND ASSETS FOR SHUQAIQ PHASE 1-DESALINATION PLANT

# Project 02

## AL-KHOBAR SEAWATER REVERSE OSMOSIS DESALINATION PLANT

# Project 03

## AL-KHOBAR 2 SEAWATER REVERSE OSMOSIS DESALINATION PLANT
